

TRUTH IN SAVINGS DISCLOSURE

(For Share (Savings) Accounts, Club Accounts, Certificate Accounts and Checking Accounts)

Rate Information

The Annual Percentage Yield (APY) is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. Annual period refers to a 365 day year (366 in a leap year.) For all accounts, the Dividend Rate and the Annual Percentage Yield may change at any time, without notice, as determined by the Credit Union's Board of Directors.

Nature of Dividends

Dividends are paid from current income and available earnings after the required transfers to reserves at the end of the dividend period.

Dividend Compounding and Crediting

Dividends for all savings accounts, including IRA savings, Christmas Club and Certificate Accounts are compounded and credited quarterly.

Quarterly Dividend Period

The beginning date of the first dividend period of the calendar year is January 1st. The ending date of the first dividend period is March 31st. Dividends are calculated as of the end of the period and are credited the first day of the next period.

Accrual of Dividends

For all accounts, dividends will begin to accrue on cash and non-cash deposits (for example, checks) on the business day you make the deposit to your account. If you close your account before the accrued dividends are credited, accrued dividends will not be paid.

Balance Information

The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Regular Savings, Nu Gen Savings, Christmas Club and Vacation Club accounts, there is a minimum daily balance required to obtain the Annual Percentage Yield for the dividend period. If the minimum daily balance is not met, you will not earn the stated Annual Percentage Yield. For Regular Savings, Nu Gen Savings, Christmas Club and Vacation Club accounts using a daily Balance method, dividends are calculated by applying a daily periodic rate to the principal in the account each day.

FUNDS AVAILABILITY POLICY DISCLOSURE

Federal Regulation CC requires all financial institutions to make funds deposited into checking accounts available for withdrawal within specified time periods and to disclose their "Funds Availability" policy to depositors.

In most cases, our policy is to make funds from your deposits available to you on the next business day after the deposit is made. Electronic direct deposits will be available on the day we receive the deposit. At that time, you can withdraw the funds in cash and/or we will use the funds to clear checks that you have written.

For determining the availability of your deposits, every day is a business day except Saturdays, Sundays, Federal Holidays and Credit Union Holidays. If you make a deposit during regular business hours on a business day that we are open, we will consider that day to be the day of

your deposit. If you make a deposit after regular business hours or on a day that we are not open, we will consider the deposit made on the next business day that we are open.

RESERVATION OF RIGHT TO HOLD

In some cases, we may not make all of the funds that you deposit by check available to you on the next day. Depending on the type of check, funds may not be available for up to five (5) business days after the day of deposit. However, the first \$100.00 of your deposit will be available to you on the next business day after the day of deposit. If we are not going to make all your funds available either on the next business day, we will notify you at the time you make the deposit. At that time, you will also be told the date that the funds will be available. If your deposit is not made directly to one of our employees (deposit made through the mail) or if we decide to take this action after you leave, we will mail you a notice of hold by the next business day after we receive your deposit. If you will need the funds from a deposit immediately, you should ask us when the funds will be available.

HOLDS ON OTHER FUNDS

If we cash a check for you that is drawn on another financial institution, we may hold the availability of a corresponding amount of funds that are already in one of your accounts. Those funds will be available at the time funds from the check we cashed would have been available if you had deposited it.

LOCAL VS NON-LOCAL

Local checks (The first four digits of the routing #s are 1130, 1131, 3130 or 3131)

The first \$100 from a deposit of a local check will be available by the first business day after the day of your deposit. The remaining funds will be available by the second business day after the day of your deposits. For example, if you deposit a local check of \$700 on Monday, \$100 of the deposit will be available by Tuesday. The remaining \$600 will be available by Wednesday).
